rajadityaraj2020@gmail.com.

OBJECTIVE.

Committed to leveraging my pharmaceutical expertise for advancing innovative medications, enhancing patient care globally. Eager to contribute as a pharmacy student with strong academic and clinical background, actively engaging in research, development, and cross-functional collaboration within the pharmaceutical industry. Ready to embrace professional challenges.

EXPERIENCE

Aug-2024 To Running-Executive. I'm Presently Employed in the Quality Control Department *as Junior Officer Technical* in **Alcatec Research Laboratories India PVT. LTD.** Bahadurgarh, Haryana 124507

Sep-2022 To July-2024-Sr. Analyst. I was working with **Tulbros Formulation**, Rudrapur UK as *Sr. Chemical Analyst* in the Quality Control Department.

July-2022 To Aug-2022-Apprenticeship. I Have Concluded an Apprenticeship at **ITL Labs Pvt Ltd** Mangolpuri Industrial Area New Delhi. (*Certified ISO 9001- 17025 with NABL*).

EDUCATION

- Bachelor of Pharmaceutical Science 2018-2022 with an aggregate of 77 % from Apeejay Stya University, Gurugram Haryana.
- Intermediate (2011) with an aggregate of 59% from Bihar Board.
- High School (2009) with an aggregate of 59% from Bihar Board.

WORKING AREAS

- As a Quality Control Executive within the company, my responsibilities encompass comprehensive oversight of raw material testing, meticulous examination of finished products. My role involves ensuring adherence to stringent quality standards at every stage, contributing to the delivery of consistently high-quality outcomes in line with the organization's objectives.

- I am proficient in the operation and management of a range of precision instruments, including Disintegration Testing Apparatus, UV spectrophotometer, Karl Fischer's Titrator, pH meters, Volumetric solution, Preparation of Reagents, Maintenance of logbooks and records & reporting. My expertise in handling these sophisticated tools ensures accurate and reliable data acquisition, contributing to the overall efficiency and quality of the analytical processes within the organization.
- Collaborating with our senior colleague, I actively participate in the formulation of mobile phases, preparation of standard solutions, and meticulous creation of test solutions. This joint effort involves precise measurements and adherence to established protocols, ensuring the reliability and consistency of our analytical processes in alignment with industry standards.

SKILL

- UV -VIS Spectrophotometer, pH meter, Analytical Balance, Karl Fischer's Titrator, Disintegration Testing Apparatus, HPLC.
