Skills

- Strong knowledge of microbiology laboratory
- Antibacterial assays, Antibiofilm activity detection, isolation, Sterilization, microbial culture identification, Nanotechnology interact with biological systems.
- Excellent communication skills
- Effective listener
- Detail-oriented with a focus on accuracy and precision
- Proficient in Microsoft power point, skilled in designing captivating presentations that effectively convey information and engage audiences.
- Proficient in Microsoft word
- Quick learner

Education

- 05.2024 • Msc , Microbiology, Tripura Central University - Agartala (8.35CGPA)
- 01.2021 • BSC, zoology, SS college - jehanabad (68.14%)
- 01.2017 • 12th class, DAV public school (62%)
- 01.2015 • 10th class, Brilliant public school (9.4CGPA)

Additional information

Submitted dissertation project titled "study the biosynthesis of zinc oxide nanoparticle (zno nps) using bioactive yeast metabolite as a antimicrobial agent against biofilm producing bacteria",
