SUMMARY

Motivated professional with strong skills seeking growth and success.

EDUCATION

Bsc Chemistry(84.54%) M R GOVT ARTS COLLEGE	2019 - 2022
MSc Chemistry(71%) M R GOVT ARTS COLLEGE	2022 - 2024
HSC(68%) S K GOVT HR SEC SCHOOL	2017 - 2019
SSLC(92.6%) GOVT HIGH SCHOOL	2015 - 2017

PROJECTS

Photo degradation of organic dyes and Anti-cancer activity 2023 - 2024

catalysts for water treatment and environmental remediation and anticancer activity by using GO and CuO as a catalyst

Synthesis of Nano catalyst 2022 - 2023

The small molecules to create solid materials, such as ceramic nanoparticles and metal oxides

Effluent water treatment and crude oil separation

Effluent water treatment plants separate residual oil from water from oil production units, refineries, or other sources.

SKILLS

Origin pro 8.5 · Chem draw ·
MS Office · Spectra(UV -Vis) ·
Ultrasonic · Gas chromatography

LANGUAGES

Tamil and English Native

PASSIONS

I am very interested in pharmaceutical work and also want to learn new things.

TRAINING / COURSES

I finished the UV-VIS and Gas chromatography at ONGC.

Lecturer workshop on Model Trends in Chemical science at CUTN.

STRENGTHS

Good chemistry practical knowledge
Leadership
Punctuality

I have done many chemistry practicals through which I have learned many experiences and how to lead a team.
