Profile Summary

my self Abhishek Gowda N and I completed my post graduation degree MSc biochemistry in the year 2023 from Bengaluru University

Education

MS/M.Sc(Science), 2023

The Oxford College of Science,
Bangalore

B.Sc, 2020

Bangalore University,
Bangalore

12th, 2017

Karnataka,
English

10th, 2014

Karnataka,
English

Work Experience

- Present

Internship

62 Days

enviro test house

62 Days

enviro test house

study the role of guizotia abyssinica secondary metabolites [gasm] on gram negative bacteria and human citrated plasma

Projects

Key skills

- Microbial Techniques
- GC-ECD
- ICP-oes
- gc-fid
- Gcms
- HPLC Analysis

Technical Skills

- no

Personal Information

City **Bengaluru**

Country **INDIA**

Languages

- Hindi
- English
- telagu
- kannada

62 Days

study the role of guizotia abyssinica secondary metabolites [gasm] on gram negative bacteria and hum

Nigar Seed extract from methanol extraction water extraction fat exttaction We can find what elements present in the this component .and i learned instrumentation like HPLC chromatography GC Ms chromatography and we made antibacterial activity, in ecoli. anticoagulant activity gram-positive bacteria and gram-negative bacteria and zone of inhibition

303 Days

study the role of guizotia abyssinica secondary metabolites [gasm] on gram negative bacteria and hum

we study instrumentation on HPLC GC and anti-bacterial and anticoagulant

Certification

- bachelor
- degree
- bachelor
- degree
